DIARY NOTES

A-DD/S

18 May 1966

1. With regard to the KY-3 for Mr. Moyers at the White House, the DCI raised this again in the Morning Meeting. When I told him about the White House objection to the telephone line charge estimated at \$200 a month, he insisted that Moyers needed a KY-3 and to get one even if he had to pay for the telephone line. I told him I didn't think this would be necessary and that I preferred to try to work this out without the DCI having to call Mr. Moyers. [redacted] is working on this and has a 25X1A 25 May deadline. I understand that they are querying the telephone company on their estimate.

2. Col. White wants the Director of Security to move a little faster on the staff study relating to writing and other public activities. The DCI is thinking about the [redacted] article and whether or not 25X1A the Agency affiliation should have been acknowledged. Col. White is trying to tie the whole subject of public interface up and get some policy statement for the DCI to approve. He told me to have Howard Osborn see him for a philosophical discussion of the problem if Osborn so desires.

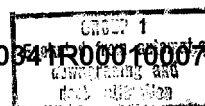

3. We have been charged with allocating the available seats in the auditorium for the next [redacted] presentation on 8 June. [redacted] is 25X1A handling this and will weight the allocation in favor of DD/P and DD/I.

25X1A 4. I arranged for [redacted] of PPB to be briefed on what financial records [redacted] maintains in Headquarters and in Washington. 25X1A

5. Mr. Helms called, and for a statistical point he wishes to make, he wanted to know the number of Agency subscriptions to the WASHINGTON POST and the WASHINGTON STAR.

25X1A 6. I attended a meeting of the [redacted] Committee and it was agreed that the Committee would meet every Wednesday morning at 10:00 A.M. for the next few months at least.

7. Mr. Osborn reports that the polygraph paper discussions are proceeding satisfactorily and for intelligence uses of the polygraph the DCI will have the responsibility of reviewing the regulations. For other uses, the Civil Service Commission will review and not approve regulations.

8. Bud Wheelon asked if he could interview [redacted] for the 25X1A job of comptroller of OSA. I agreed and advised Brad that he would be receiving a call and told him what little I knew of the job.

9. Col. White wants to review our handling of summer employees who report on their medical form some psychiatric involvement. I told him that if he intends to grant waivers or to change the ground rules, I would prefer that he do it personally this year or at least wait until Mr. Bannerman gets back, since I think that Mr. Bannerman is pretty much in agreement with the policy as it now stands. I believe, however, that we are a little rigid in our categorical rejection of any applicant who indicates they have ever seen a psychiatrist. In any case, I am providing Col. White with the names of those applicants who were rejected for this reason this year.
